NO FURTHER PEACE EFFORTS

way, and as they have been doing for months the Russian troops have resumed their withdrawal movement.

The western forts of Grodno were evacuated after two of them were destroyed by the heavy guns and stormed by the German infantry and it is considered extremely likely that the whole fortress has already been left to its fate, for it was no longer tenable after the Germans had crossed the Grodno-Vilna railway, which they did at two points, and had penetrated the forest of Bielowiez to the south-east of the town. Vilna doubtless will be the next objective of the Austro-Germans on this front.

In the southeast Vienna also reports a series of successes which have virtually driven the Russians out of Galicia; they now hold only a very narrow strip between the Sereth river and Bessarabia. Across the border of the latter province the Austrians state the Russians set fire to a number of villages, which might indicate further retreat. Thus the hopes raised in the allied countries by recent successes, that Russia at last was making a stand, have been dissipated.

Everywhere the Austro-Germans claim to be advancing, but they have not captured of late any great number of men or guns. The Russian guns have been kept well behind the infantry and are quickly moved back when the rear guards are unable longer to hold off the invaders. There is some talk of a German advance at Kiev, but the distance to that city is considerable and the country over which it would have to be made is difficult for the movement of troops.

Baptist Association.

The Enon Baptist association now in session at the Broadway Baptist church in this city is holding what is considered to be the largest and best meeting in all its history. Some delegates have come a distance of 40 miles by horseback and some of the leading business men in Carter and Love counties are in attendance. Last night Mr. Gambrell spoke in the interests of the state Baptist orphanage, and Dr. Masters spoke on Oklahoma state mission work and the interests of the State Baptist College. The forenoon of today was taken up in the consideration of religious literature and colportage work. The report on Christian education was presented by Dr. Cooper, which elicited warm discussion. The Hon. W. R. Cooper of Knoxville, Tenn., was introduced to the convention, and delivered a short address.

This afternoon's session was occupied with the consideration of associational missionary work, with reports from the missionaries. Part of the afternoon was devoted to reports and discussion of the women's work of churches.

This evening at 8 o'clock Dr. Cooper will preach before the convention. The general public is most cordially invited to all meetings of this association.
